The 3rd EicC CDR workshop

Saturday 22 October 2022

Accelerator (09:00-12:00)

time	title	presenter
09:00	Beam preparation in BRing	SHEN, Guodong
09:20	Simulated Beam-beam Limits for EicC	CHANG, mingxuan
09:40	Preliminary considerations for the simulation of the polarized beams in EicC	LI, Minxiang
10:00	Progress in the study of beam dynamics in EicC	WANG, Lei
10:20	Tea break	
10:40	Beam cooling in EicC	MA, fu
11:00	Overview of the electron machine in EicC	ZHAO, He
11:20	Preliminary considerations for the measurement of polarized electron beam	LI, Jiangdong
11:40	Initial-step lattice design of EicC	ZHU, Ruihu DING, Xiao
